PROFILE INFO

What started with a simple "Hello World!" has become a full-fledged passion that only gets more exciting as the days and months go by.

I want future opportunities to allow me to further develop my skills, but also to provide me with valuable experience working with a team of analysts and learning from professionals and experienced people.

PROJECTS

- **Interview Reports App**
  App which tracks Candidates and Interview Reports and an administrative panel app for creating/modifying/deleting Interview Reports (ES6, React)
  https://github.com/stosicsanja/Interview-Reports-App

- **TV Show**
  Website whose main purpose is to provide information to the users about TV shows
  https://github.com/stosicsanja/React_Tv_Show

- **Simple Blog Page**
  Blog page that is based more on design, has a navigation menu and user can create content
  https://github.com/stosicsanja/React_Part
